

NEW OPPORTUNITIES FOR CHANGE

POLICY AT THE STATE LEVEL

In 2018 Colorado will elect a new governor and a new legislature. This offers us a great opportunity to develop new leadership at the state level and pass policies that move us forward. During this round table participants discuss policy ideas (both administrative and legislative) that CAFR can actively pursue over the next two years.

SESSION DATE:

Monday, June 4

SESSION TIME:

2:30 PM

FACILITATOR

Randy Moorman, Director of Community Campaigns, Eco-Cycle

SUBJECT-MATTER EXPERTS

- Honore Depew, Environmental Planner, City of Fort Collins - Fort Collins' Waste Reduction and Recycling program leads the community's and the city's internal strategies and educational efforts for reducing and diverting waste.
- Kerry Donovan, Senator, District 5 - Senator Donovan believes in helping to promote the economic benefit of strong local economies. In 2018, she sponsored SB18-117 Collect Long-term Climate Change Data, among others.
- Chris Hansen, Representative, District 6 - Representative Hansen believes in policies that support innovative companies and small business and foster economic growth. In 2018, Representative Hansen sponsored bill HB18-1053 Reclaimed Water Use For Marijuana Cultivation, among others.
- Bryce Isaacson, Vice President Sales and Marketing, Western Disposal Services - Western Disposal offers trash, recycling and composting services to residents and businesses throughout Boulder and Broomfield counties.
- Christy Patterson, Consultant, Upper Arkansas Area Council of Governments - UAACOG offers human service programs, business development tools and services to local governments throughout a four-county region.
