

# CLOSED-LOOP SOLUTIONS FOR PLASTICS

## RESOURCE VS WASTE

Plastics are one of the biggest hurdles in waste diversion. We need to find a way to transform plastics into a resource versus a waste material. This round table will examine possibilities for creating local collection and processing solutions for plastics.

### FACILITATOR

Graham Russell, Consultant, Trupoint Advisors

### SUBJECT-MATTER EXPERTS

- Priyanka Bakaya, CEO and Founder, Renewlogy - Renewlogy develops technologies and processes to prevent landfill-bound waste.
- Brandy Dietz, General Manager, Colorado Industrial Recycling - CRI is a family owned and operated full-service metal recycler located in Colorado Springs.
- Wendy Fauth, Recyclable Materials Manager, Alpine Waste and Recycling - Alpine's Altogether Recycling facility offers customers a comprehensive recycling program.
- Adam Hill, Principal, Direct Polymers - Based in Denver, Direct Polymers is a nationwide leader in plastics recycling.
- Sayre Peralta, Recycling Operations Manger, Rehrig Pacific Company - Rehrig is one of the world's largest manufacturers of plastic containers.
