BUSCH SYSTEMS EXPANDS THE SUPER SORTER SERIES WITH THE SUPER SORTER ONE-IN-ONE

The Super Sorter One-In-One from Busch Systems is the newest addition to the Super Sorter Series. Developed for indoor and outdoor recycling or waste collection, the One-In-One is perfect for centralized areas with limited space. The lid is designed with a hinge on the side so it can be up against the wall to utilize maximum space. The rigid plastic liner is easy to remove and clean. This container is a great addition to recycling programs in high-traffic areas including downtown cores, parks, shopping malls, recreational centers, entertainment and sports complexes, campuses and more. Made from minimum 50% Recycled Content this container is not only attractive, but is also environmentally friendly.

Busch Systems specializes in providing recycling container solutions to a wide range of industries from municipal governments to educational systems. Over the last 20 years we have established ourselves not only as manufacturers of more than 170 products, but also as solution providers to varying programs focused on waste reduction through recycling and composting.

Our product line includes everything from Curbside Bins and Office Recycling to Document Destruction Carts & Consoles and Centralized Recycling Containers. We also offer a full line of Composting Containers, Promotional Items and Educational Tools. Contact us for more information at 1-800-565-9931 or visit us online at www.buschsystems.com.
